

The Policy Development Fund is to support the promotion

The panel will consider:

- , Whether the project fits the strategic aim of the fund
- , Whether the project can realistically be delivered within cost and time constraints
- , The potential impact of the project on informing and enhancing public life
- , What level of funding it is appropriate for the fund to provide (note that for activities with partners, we will expect the partner to contribute to costs, whether in kind or direct payments)

Policy Development Fund Project Report Form

If your application is successful, the completion of a project report form, which includes a short summary of the activity suitable for a website news article, at the end of the project is compulsory and is a requirement of accepting the grant.
