Academic Misconduct Procedure

Introduction

1. This procedure sets out the ways in which the University will consider and respond to concerns about academic misconduct. Concerns about student conduct that are non-academic will be considered under the [Student Disciplinary Procedure](#), the [Professional Suitability Policy and Procedure](#), the [Residences Disciplinary Procedure](#), the [Fitness to Study Regulation](#), or other relevant University regulation or procedure as applicable. Concerns about research misconduct should first be reported to the Secretary to Council, who may determine that the matter should be referred for consideration under this procedure.
2. This procedure should be read in conjunction with [Senate Regulation 6 – Student Conduct \(Academic and Non-Academic\)](#).
3. This procedure applies to all students from the point that the University confirms their acceptance of an offer of a place on a programme at the University. The procedure applies at all times and is not restricted to conduct during term time, on University premises, or in respect of University or University-related activities.
4. Any variations to this procedure for students studying with partner institutions will be set out in the relevant student contract and guidance to students. Otherwise, this procedure applies in its entirety.
5. The University distinguishes academic misconduct from poor academic practice, which is often the result of inexperience or lack of knowledge. The University considers this distinction to be one of academic judgement. Students who are found to have demonstrated poor academic practice will be provided with advice and feedback by academic staff. Concerns about academic misconduct will be considered under this procedure.
6. Where appropriate, the University reserves the right to refer a concern raised under this procedure for consideration either separately or simultaneously under any other relevant University regulation or procedure at any time.
7. In exceptional cases the University reserves the right at any stage of this procedure to vary the process it follows in the interests of fairness and/or health and safety.
8. In operating this procedure, the University will remain mindful of its legal obligations including its duty of care, its obligation under the Equality Act 2010 (including to make reasonable adjustments for disabled students), and its obligations under the Data Protection Act 1998.

General Policy

9. The standard of proof applied in operating this procedure is the balance of probabilities. The balance of probabilities means that it is more likely than not that a student is in breach of one or more of the University's Regulations in relation to academic misconduct.
10. If a student's conduct may be in breach of the law, the University may at its discretion refer the matter to the police and/or other suitable authorities. In addition, where a police or other external investigation or criminal proceedings have been or may be initiated in relation to an alleged act of misconduct, the University may suspend its consideration of the matter under this or any other Regulation (at any stage) until such investigation and/or proceedings have been concluded. The University's consideration of a matter under this procedure may

Definition of Academic Misconduct

22. The following is a non-exhaustive list of conduct which where proven will normally constitute academic misconduct:

- a) **Plagiarism**, which is defined as the knowing or reckless presentation of another person's work or ideas as one's own, and includes the use of published or unpublished work without acknowledging the source;
- b) **Unpermitted recycling / re-using work** which means submitting work for assessment which has previously been submitted, in whole or in part, for assessment at this or another institution, without explicitly acknowledging and referencing the assessment and qualification for which the material was previously submitted, and unless expressly permitted by the assessment brief;
- c) **Cheating**, which is defined as acting dishonestly or unfairly in order to gain an academic advantage. This includes:
 1. the falsification of information, data or evidence or experimental results; and/or
 2. cheating in examinations or other formal assessment, including possession of unauthorised material or technology during an examination and/or attempting to access unseen assessment materials in advance of an examination;
 3. arranging for someone elin Td()Tj/8[.6 (o)10.6 (r)-6 ()11.3 (t)3.3 sd Tw 9.196

- a) Inform the student of the purpose of any such meetings in advance.
- b) Give the student at least 5 working days' notice of any such meetings.
- c) Inform the student of their entitlement to be accompanied to and/or represented at any such meetings in accordance with Paragraph 12 of this procedure.

30. Notes will normally be kept of any meetings held with the student during the course of the investigation. A copy of such notes will be made available to the student.

31. The Investigating Officer will normally invite the student to provide a written response to the concerns and to present any supporting information. The Investigating Officer will normally give the student 10 working days to do so.

32. At the conclusion of the investigation, the Investigating Officer will provide a report and copies of any relevant information to the Deputy Dean (Academic Affairs). The report should be copied to the student.

Referral to the Misconduct and Professional Suitability Board

33. Following receipt of the Investigating Officer's report, the Deputy Dean (Academic Affairs) will, within 5 working days, take one of the following actions:

- a) Dismiss the concern and take no further action.
- b) Determine that the concern relates to poor academic practice, in which case the concern will be dismissed and the student will be warned about future practice and directed to sources of guidance and information.
- c) Refer the concern back to the Investigating Officer for further investigation.
- d) Refer the concern to the Clerk to the MPS board for further action.
- e) Refer the concern for consideration under another University regulation (t)-6.6 (o)10.5 (t)-6. U

37. The student will normally have 5 working days from receipt of the correspondence from the Secretary to the MPS Board to respond to the allegation in writing, and to provide written comment on the evidence provided under Paragraph 36.

38. The student will be informed that if they do not respond to the allegations within this timeframe, then the referral to the VCR may continue.

39. The VCR will consider the case, including the student's written response, and may gather additional information, or seek advice or guidance, from the relevant parties either in writing or in person. Where additional information has been gathered by the VCR, the student will be presented with a record and invited to comment in line with the procedure set out in Paragraph 37.

40. Once their consideration of the case is concluded, the VCR will normally take one of the following actions:

- a) Dismiss one or more of the allegations, either because the student had no case to answer or because the allegation has not been proven, and determine that no further action should be taken.
- b) Determine that one or more of the allegations has been proven and that the student has committed academic misconduct.
- c) Determine that the allegation relates to poor academic practice, in which case it will be dismissed and the student will be warned about future practice and directed to sources of guidance and information.
- d) Refer the case for consideration under another University regulation or procedure.
- e) Refer the case for consideration at an Academic Misconduct Panel Hearing. If this action is taken, the student will be notified of the likely timescales for completion of the process.

47. The Deputy Dean (Academic Affairs) will appoint a member of University staff to act as the University Representative, who will present the concern regarding the student to the Panel.

48. Where a case involves multiple students, the Clerk to the MPS Board will determine whether each student's case should be heard at the same or at different panel hearings, and by the same or different panels.

49. The ruling of the Chair of the Panel on the admissibility of any evidence at a hearing or on any point of procedure relating to the conduct of a hearing will be final.

50. A Panel will be made up of three impartial members. The membership will include a Chairperson and normally one member of the Union of Brunel Students.

51. The Secretary to the MPS Board will appoint a Panel Secretary to each Panel Hearing, who will act as note taker and advise the Panel on procedural matters. The Panel Secretary will not take part in the Panel's decision making.

52. The Secretary to the MPS Board will contact the student normally at least 10 working days prior to the date of the notice.

67. The Head of the Student's Department will be informed of the outcome of the Academic Misconduct Panel Hearing.

68. Where the Panel applies a penalty under Appendix A, the student may submit a request for an appeal against the decision in line with Paragraphs 69-84 of this procedure.

Appeals

(Where possible, the 'Appeal' stage as set out in paragraphs 69 to 75 should be completed within 25 days of receipt of the appeal, as set out in paragraph 69.)

69. If a student is dissatisfied with the decision of the Vice-Chancellor's Representative or the Academic Misconduct Panel to apply a penalty listed in Appendix A, they should submit a Misconduct Appeal Form within 10 working days of the outcome letter. Appeals received after this deadline will only be accepted at the discretion of the Office for Student Complaints, Conduct and Appeals.

70. A student may appeal on one or more of the following grounds only:

- a) That there is evidence that could not have been, or for good reason was not made available previously, and that sufficient evidence remains that the appeal warrants further consideration;
- b) That there is evidence of a procedural irregularity on the part of the University in considering the academic misconduct, and that sufficient evidence remains that the appeal warrants further consideration;
- c) That there is evidence of prejudice or bias on the part of those responsible for investigating or considering the academic misconduct;
- d) That, giving due consideration to the documentation previously provided, the decision of the Vice-Chancellor's Representative or the Academic Misconduct Panel was unreasonable.

71. Upon receipt of an appeal, the Head of Student Affairs and Casework will determine whether the grounds for appeal have been met. Where they have, a Review Panel will be convened; otherwise the appeal will be dismissed. The decision will normally be communicated within 10 working days of receipt of the appeal.

72. Where a Review Panel is convened, this will comprise two senior Officers of the University, neither of whom will have been previously involved in the academic misconduct case, supported by a member of the Office for Student Complaints, Conduct and Appeals, acting as Clerk to the Panel. The Review Panel shall normally meet within 10 working days of the decision to refer the appeal to them.

73. The Review Panel will consider whether there is sufficient reason to challenge the decision made by the Vice-Chancellor's Representative or the Academic Misconduct Panel. If the Panel determine such reason is present, they can set aside the previous decision and replace it with one of their own, or it can refer the case back to the Vice-Chancellor's Representative or Academic Misconduct Panel for fresh consideration with commentary. If the Panel determines there is insufficient reason to challenge the previously made decision, the appeal will be dismissed and the original decision will stand.

74. The decision of the Review Panel shall normally be communicated in writing by the Office for Student Conduct, Complaints and Appeals, within 5 working days of its meeting.

75. The decision of the Head of Student Affairs and Casework and any subsequent Review Panel is final. There is no further right of appeal, and no right to appeal against the decision of the Vice-Chancellor's Representative or Academic Misconduct Panel if the case has been referred back for fresh consideration.

The Office of the Independent Adjudicator

76. When all internal procedures are complete, students will be issued with a Completion of Procedures Letter, and may then request an independent review of the case by the Office of the Independent Adjudicator (OIA).

B2. The University may in appropriate cases use its powers to temporarily suspend and/or exclude a student for a defined period of time (which may be extended) or until a matter is considered under the relevant University procedures.

B3. Where a concern is raised relating to a student's conduct, whether on or off campus, which represents a potential or actual threat to the safety, security, health, wellbeing, good order, or reputation of the University, its [members](#), an external organisation or placement provider, or members of the public, a member of staff may make a recommendation to the Vice-Chancellor or Vice-Chancellor's delegate that the student should be suspended or excluded for a defined period of time (which may be extended) or until a matter is considered under the relevant University procedures.

suspension/exclusion to continue or whether it should be revoked or extended for a further specified period of time, and whether its terms should be maintained or varied.

B12. The student may request a review by the Vice-Chancellor's delegate under Paragraph B11 by making written representations in respect of the terms of the temporary suspension and/or exclusion should there be a material change in the student's circumstances.

Appeals

B13. The student will have the opportunity to appeal to the Academic Registrar within 10 working days of the communication of the decision taken by the Vice-Chancellor's delegate to temporarily suspend and/or exclude a student.

B14. An appeal to the Academic Registrar should be made on the following grounds:

- a) That there has been a procedural irregularity.
- b) That there was bias on the part of the decision-maker.
- c) That the decision is unreasonable and/or disproportionate.
- d) That there is new material evidence which the student can demonstrate was for good reason not previously available.

B15. The Academic Registrar will consider the student's appeal and will:

- a. Maintain the terms of the temporary suspension and/or exclusion.
- b. Vary the terms of the temporary suspension and/or exclusion.
- c. End the temporary suspension and/or exclusion.

Appendix D – Guidance on Penalties applicable under SR6

As members of the Brunel University London community, students are expected to adhere to the regulations, procedures and policies of the University, to show respect for the persons within and for the property of the University community, and to behave in a way that does not interfere with the proper functioning or activities of the University. Where there is reason to believe that the behaviour of a student falls below the expected standards, as set out below, and/or where regulations, procedures, and/or policies have been broken, as outlined below, the Academic Misconduct Procedure will be instigated. The Procedure extends to alleged misconduct by a student occurring on or off University premises (including via electronic means, such as email and social media) where the alleged victim is the University itself, a member of the University's community, or a visitor to the University.

Please note that the examples of unacceptable behaviour listed below are not exhaustive. The University can bring action in relation to other unacceptable behaviour. Additionally, the indication of the sanctions which may be applied if certain behaviour is found to have taken place is illustrative only. Furthermore, students may receive one or more of the sanctions listed where the decision-maker considers this to be appropriate. The University will consider any mitigating and aggravating factors when determining a penalty. Such factors include, but are not limited to, elements of discrimination, instances of previous misconduct, and mitigating circumstances occurring at the time of the alleged incident. A full list of the sanctions which may be imposed is set out in the Academic Misconduct Procedure.
